of Faculty

Process of Medical Education

The Distinguished Guest Lectures.....

will be an extension of continuing medical education program aimed for healthcare professionals at HIMSR to maintain competence and learn about new and developing areas of their field...

Pursuit of Excellence.....

Endeavour to strive and drive towards:

- Excellence in teaching
- Innovative learning and
- Research

With vitality and excitement.....

The aim of these distinguished lectures. .

- We aim to invite Nationwide subject experts and eminent speakers physically/ virtually to deliberate upon the various contemporary technical aspects of selected topics related to healthcare & education thereby providing a unique opportunity for scientific exchange with the eminent speakers to our faculty.

Dr. Brijesh Regal

M Pharm, PhD (Clinical Research Science Policy)

Delivering 1st Distinguished Lecture

- An eminent Scientist of International repute.
- As a WHO Consultant to Drugs Controller General of India, he led the evolution and documentation of Indian regulations for conducting clinical research (Schedule Y), Indian GCP Guidelines and BA-BE study Guidelines, which catalyzed the renaissance of clinical trials in the country.

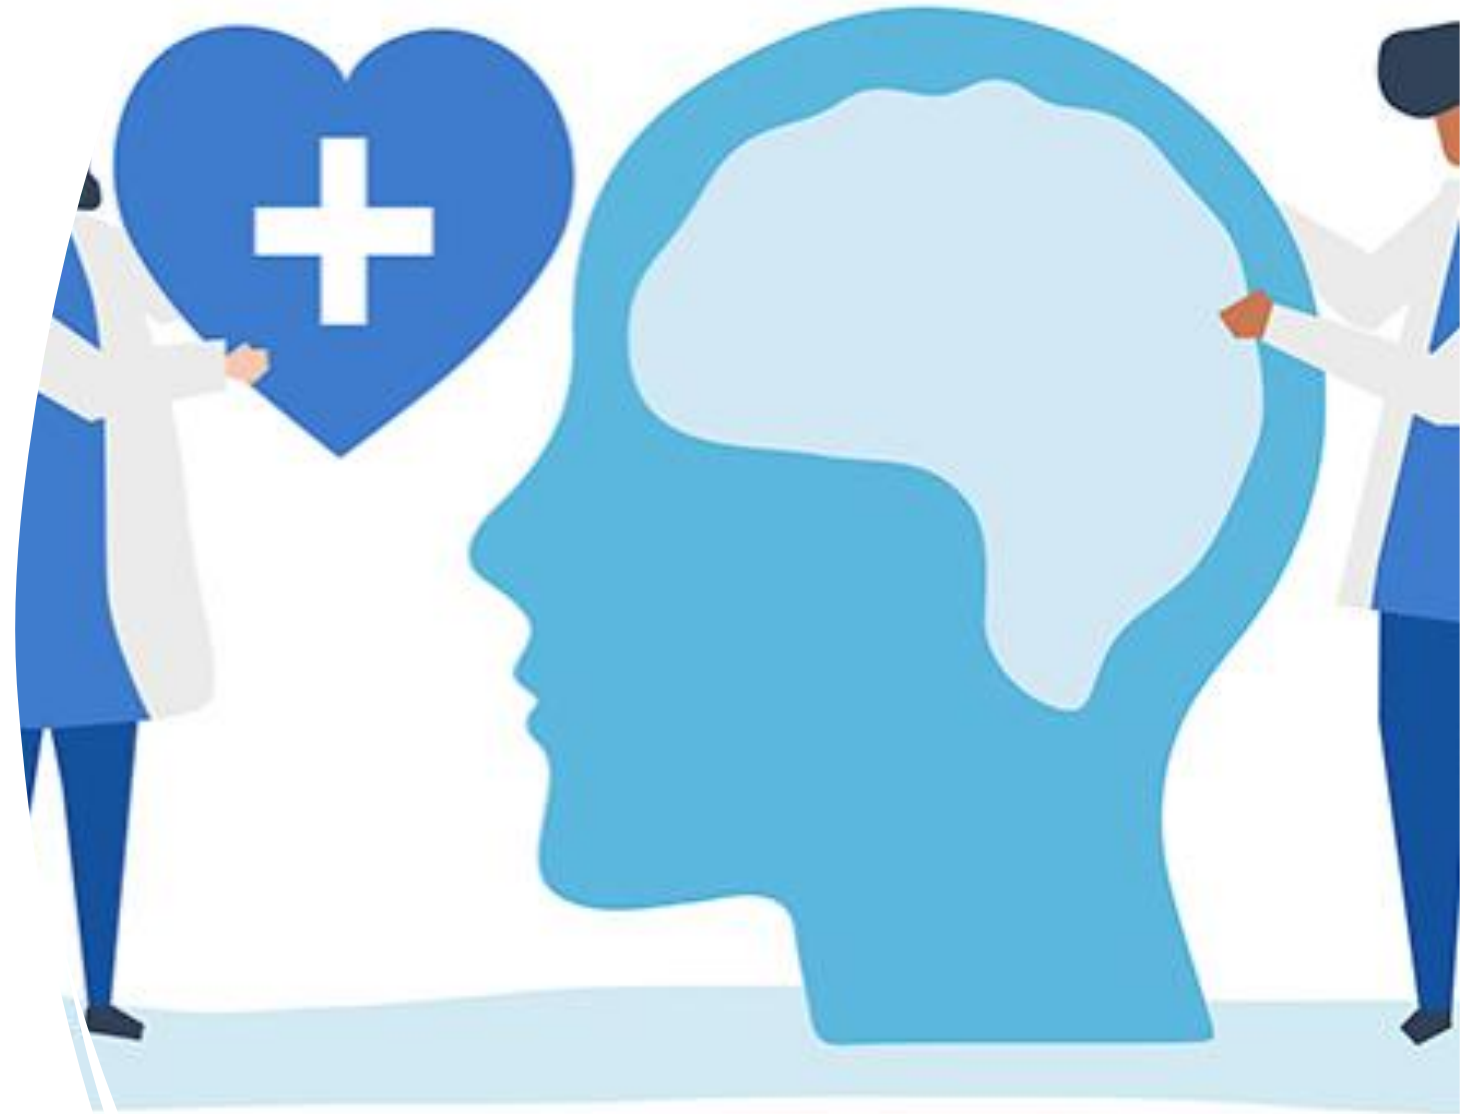

"Clinical Trials in Indian Hospital Setups"

- The interactive session, which is planned today focuses on providing an overview of regulatory pharmacology & the critical importance of clinical trials for generating therapeutic evidence base.
- Faculty's active engagement on the topic will make a crucial difference to the overall quality of the session.
